GUILTY PLEA IN SALE OF DRUG-FREE URINE

A man accused of selling clean, drug-free urine to people on parole or probation has pleaded guilty in the case.

Russell Grant (dob: 08-11-76) pleaded guilty yesterday to one count of attempting to influence a public servant (F4). He will serve two years of probation with the standard terms and conditions.

Grant became the focus of an investigation by the Inspector General's Office of the Department of Corrections, the Metro Gang Task Force and the Denver DA's Office following reports that someone was selling "clean" urine at a privately contracted community corrections facility. Grant had worked part time at the facility.
